#### Sweet Scented Cedar Chests

The peculiar properties of RED HEART CEDAR have always made it a wood of special value to the craftsman in building artistic pieces of woodwork, cabinets, etc. Its preserving and durable qualities have made it famous among the trees of the forest. The climate of the Virginia and Tennessee mountains has produced Red Cedar that rivals the "Cedar of Lebanon" for beauty of grain and coloring. This beautiful native wood is what we offer you in these handsome moth-defying cabinets, or "Grandma Chests." Every steam heated home needs the protection these chests furnish against the moth-fly. A girl's delight is to have at least one of these Cabinets in her room. You could not think of a more acceptable gift for birthday, bridal or anniversary occasion. See our window display of all kinds and sizes, in Natural Finish, Mahogany Finish, White Enamel Finish. Plain and copper trimmed, copper handles, brass castors and strong locks.
